

Do you have fruit trees?

- Too much fruit? Need help harvesting?
- Willing to share with the hungry?
- Want to help our community?

Village Harvest is a nonprofit volunteer organization that harvests extra fruit from backyard trees, then passes it along to local charities to feed the hungry.

Got Fruit? We're looking for tree owners who have a large amount of fruit or need help harvesting their trees. Every week, we send out trained volunteer harvesting teams within the South Bay and Peninsula. You're welcome to keep as much fruit as you can use, and the remainder will be donated to local charities who feed the hungry.

Want to Help? Volunteering with us is a fun and satisfying way to make an immediate difference in only a few hours.

To offer the fruit from your trees as a tax deductible contribution, or if you'd like to volunteer, please visit www.villageharvest.org and sign up online. If you do not have Internet access, please call us toll-free at (888) FRUIT 411.

VILLAGE HARVEST™

SHARING OUR GARDENS AND TALENTS TO STRENGTHEN OUR COMMUNITY

Village Harvest is a nonprofit volunteer organization which brings together neighbors and community organizations to provide food for the hungry, preserve our heritage and skills, and promote sustainable use of urban resources. We harvest the overlooked natural resources of our backyards – fruit trees and gardens – to make our shared village healthy and thriving.

Major Recipients:

- Second Harvest Food Bank of Santa Clara County
- Salvation Army, San Jose
- West Valley Community Services
- Mountain View Community Services Agency

Homeowner Preparation for Harvesting:

Before team arrives:

- Plan to be home on the date and time scheduled.
- Do not spray pesticides, herbicides or fungicides on or near tree at least 2 weeks before scheduled date.
- Hose the tree down with water 1-2 days before team arrives, to clean fruit and tree from accumulated dust or dirt.

On scheduled date:

- Ensure a clear path and area to allow for people and harvesting equipment to enter your garden and harvest fruit.
- Leave out bins or boxes for rotten or dropped fruit.
- Secure pets or young children who might interfere with harvesting process.

Support our efforts:

Village Harvest relies entirely on the efforts of its volunteers as well as donations to cover harvesting & educational expenses. Donations are greatly appreciated.
